Pricelist of locators Croatia 2020

SML - One frequency locator for Smart Markers and Analog markers

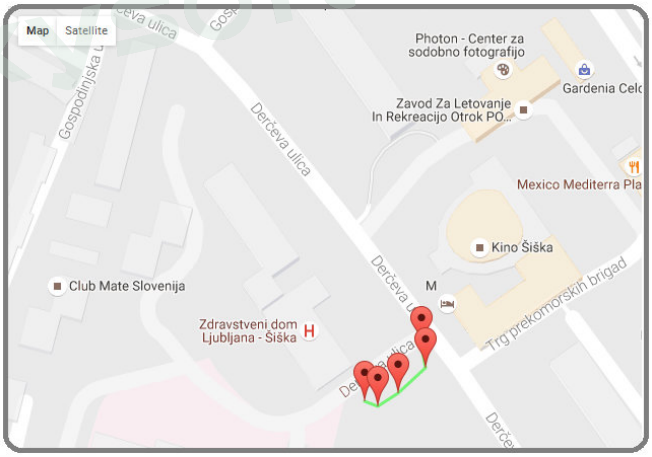

- Inbuilt GPSmodule for GPSnavigation
- Communication with the Marker Database®software via USBcable
- Creating of the text notes to each marker
- Rewritable internal memory for 8000pcs of markers
- PCdatabase software and mobile application Marker Database®free of charge

Price: 1850 €

MARKER® database

Types of SML locators according to the underground facility

Underground facility	Working frequency	Type of SML
Gas pipeline	83,0 kHz	SML G1
Telecom.cables	101,4kHz	SML T1
Sewage pipelines	121,6kHz	SML S1
Energy cables	134,0kHz	SML E1
Water pipelines	145,7kHz	SML W1
